**DEPARTMENT OF  
MINES AND MINERALS**

**COMMONWEALTH OF  
KENTUCKY**

For the Year Ending  
December 31, 2002

BY  
Frank X. Delzer, P.E.  
Commissioner

1025 Capital Center Drive, Suite 201  
P.O. BOX 2244  
Frankfort, Kentucky 40602-2244

This publication has been prepared by the Department of Mines and Minerals  
and paid for with state funds.

## **NOTICE**

The Department of Mines and Minerals does not discriminate on the basis of disability in the admission or access to, or treatment or employment in, its programs and activities.

Pittman Fisher, P.O. Box 2244, Frankfort, Kentucky 40602 has been designated to coordinate with the non-discrimination requirements contained in section 35.107 of the department of Justice regulations. Information concerning the provisions in section 35.107 of the Americans with Disabilities Act, and the rights provided thereunder, are available from the ADA Coordinator. Please contact Mr. Fisher should you desire this information in an alternative format.

## **EQUAL EMPLOYMENT OPPORTUNITY STATEMENT**

The Department of Mines and Minerals does not discriminate on the basis of race color, national origin, sex, religion, age or disability in employment or the provision of services.

## INTRODUCTION

Kentucky coal production for 2002 was 131,402,797 tons which was 6,812,526 tons less than the previous year. In 2002, Kentucky mined 50,595,329 tons of coal by surface operations while 80,807,468 tons were mined underground.

The coal industry furnished direct employment for 16,851 miners. Seven were killed in Kentucky coal mine accidents in 2002, which was up from five fatalities in the previous year.

The following chart compares production of the various types of coal mines for the past two years:

### COAL PRODUCTION IN TONS

TYPE MINE	2001	2002
Rail-Underground.....	22,191,255	21,027,481
Rail-Augur Surface.....	2,211,673	2,045,786

## HEADS OF THE DEPARTMENT

1884-1893	C. J. Norwood	Inspector of Mines
1893-1896	C. J. Norwood	Chief Inspector of Mines <sup>1</sup>
1897-1901	G. W. Stone	Chief Inspector of Mines
1902-1919	C. J. Norwood	Chief Inspector of Mines
1920-1923	Lawson Blenkinsopp	Chief Inspector of Mines
1924-1927	W. H. Jones	Chief Inspector of Mines
1928-1934	John F. Daniels	Chief, Department of Mines <sup>2</sup>
1934-1939	John F. Daniels	Chief, Department of Mines and Minerals <sup>3</sup>
1940-1944	G. M. Patterson	Chief, Department of Mines and Minerals
1945-1947	Harry Thomas	Chief, Department of Mines and Minerals
1948-1955	A. D. Sisk	Chief, Department of Mines and Minerals
1956-1959	James H. Phalan	Chief, Department of Mines and Minerals
1960-1968	A. H. Mandt	Commissioner, Department of Mines and Minerals <sup>4</sup>
1969-1979	H. N. Kirkpatrick	Commissioner, Department of Mines and Minerals
1979-1990	Willard Stanley	Commissioner, Department of Mines and Minerals
1990-1992	Carl Ankrom	Acting Commissioner, Department of Mines and Minerals
1992-1995	Burl Scott	Commissioner, Department of Mines and Minerals
1995-2001	John L. Franklin	Commissioner, Department of Mines and Minerals
2001	Frank X. Delzer, P.E.	Commissioner, Department of Mines and Minerals

The Kentucky Department of Mines was established in 1884 and offices were located in the State House Building at Frankfort, Kentucky. In May 1898 the Office of the Department of Mines was moved to the University of Kentucky campus at Lexington where it remained until June 1989. Offices were moved to the Energy Administration Building, 3888 Research Park Drive, Lexington, Kentucky. On February 1999 KDMM moved to 1025 Capital Center Drive, Suite 201, Frankfort, Kentucky.

- The Oil and Gas Division of the Department was established by Law July 15, 1960.
- The Explosives and Blasting Division of the Department was established by Law June 16, 1972.
- The Miner Training, Education and Certification Division was established by Law December 22, 1976.
- The Mine Safety Analysis Division was established by Law December 22, 1976.
- <sup>1</sup> When the Department was established in 1884 the head of the Department was entitled Inspector of Mines. On June 10, 1893, the title was changed to Chief Inspector of Mines.
- <sup>2</sup> In 1928 the title was changed to Chief, Department of Mines.
- <sup>3</sup> On July 1, 1934 the Department became known as the Department of Mines and Minerals.
- <sup>4</sup> In 1960 the title was changed from Chief to Commissioner.

\*One fatality occurred before the company licensed for 1984, 1997 (included here).

\*\*One fatality occurred at Island Creek Coal Co., No. 1 Mine at Preparation Plant on mine site for 1987 in Pike County.

\*\*\*One fatality occurred at River Terminal-not required to license; Note: tonnages for 1993 & 1995 have been error corrected.

\*\*\*\*One fatality occurred at Excel Mining LLC, No. 1 Mine at Preparation Plant on mine site for 1999 in Martin County.

## **DIRECTORY AND STATISTICS OF DEPARTMENT OF MINES AND MINERALS**

To facilitate the mine inspection duties of the Department, the coal fields have been divided into six inspection districts. A mine rescue station which serves as the district office is centrally located in each district. The Eastern Kentucky coal field is divided into five districts, with mine rescue stations located at Barbourville, Harlan, Hazard, Martin and Pikeville. An office at Madisonville serves the Western Kentucky coal field.

The operations for the district offices are directed from the office of the Commissioner located in Frankfort. General staff and Frankfort office personnel are as follows:

Frank X. Delzer, P.E. Commissioner  
Kenny Johnson, Deputy Commissioner  
Cathy C. Prothro, Executive Secretary Principal  
Holly McCoy, Principal Assistant II  
William J. Morgan, Chief Examiner  
Anthony C. Oppeward, General Counsel I  
Eugene D. Attkisson, Attorney III  
Deven Brown, Secretary III  
Shelley McConkey, Director of Administrative Services <sup>1</sup>.  
Pittman Fisher, Assistant Director, Director of Administrative Services <sup>2</sup>.  
Donna Redmon, Fiscal Manager <sup>3</sup>.  
Betty Bostick, Personnel Administrative III  
Chrissy Gibson, Production Tech II  
Franklin Reed, Director of Analyst Division  
Lisa Franklin, Internal Policy Analyst II  
Ann Young, Executive Secretary  
Karen Taylor, Director of Mine Licensing Division  
Sarah Ward, Secretary III  
Tracy Stumbo, Mine Inspector Chief/Accident Investigator  
David Johnson, Mine Inspector Chief/Electrical Inspector  
Johnny Greene, Mine Inspector Chief/Accident Investigator  
Nancy Toombs, Administrative Specialist III <sup>4</sup>.

See the divisions of Explosives & Blasting, Oil & Gas, and Training & Education for those Frankfort personnel.

1. Resigned 06-31-02  
2. Appointed 12-01-02  
3. Promoted 09-01-02

4. Appointed 10-16-02

The Directory and Statistics of Coal Mines contained in the following pages is separated by Inspection Districts and by Counties.

Code letters to classify mines are as follows:

URC	Underground Rail Coal
URWC	Underground Rail Water Coal
UTC	Underground Truck Coal
UWC	Underground Water Coal
ARC	Auger Rail Coal
ASRC	Auger Surface Rail Coal
ASTC	Auger Surface Truck Coal
ASWC	Auger Surface Water Coal
ATC	Auger Truck Coal
AWC	Auger Water Coal
SRC	Surface Rail Coal
STC	Surface Truck Coal
SWC	Surface Water Coal
GSTC	Gob Surface Truck Coal

Notations are made as follows:

A	Abandoned
CC	Change of Company Name only
CO	Change of Operator and Company Name or Operator Name only
*	Estimated Tonnage

Production, employment and accident figures for River mines have been included in the totals for Truck mines for the purpose of compiling some statistical charts.

Many of the coal production figures of individual mines which appear herein have been estimated by the Department. This was necessary because the reports of the operators of those mines, particularly mines which became abandoned during 2002, were delinquent at the time of publication. Some historic tonnage figures have been corrected using computer database error correction.

## BARBOURVILLE DISTRICT

There were 65 commercial coal mines in the Barbourville District during 2002. 363 inspections were conducted along with 204 Notices of Noncompliance which the Division of Mine Safety Inspection caused to be corrected. There were 362 Closure Orders. Records show that there were 8 mines abandoned and 19 new mines in the district during the year 2002.

### Personnel of the Barbourville District:

Cecil Smith, District Supervisor <sup>1</sup>  
 Melvin Wagers, Mine Inspector II  
 Dill Finley, Mine Inspector  
 George Hollis, Mine Inspector  
 Herman D. Williamson,  
 Mine Inspector  
 Patricia Lewis, Secretary III <sup>2</sup>  
 Connie Arthur, Secretary III  
 Larry G. Stump, Mine Safety Analyst

Michael Partin, Mine Safety Analyst  
 Lowell G. Adams,  
 Mine Safety Analyst  
 Ronald Turner, Mine Inspector <sup>3</sup>  
 Ricky Johnson, Mine Inspector  
 Ralph Crawford, Mine Safety Analyst

The office and mine rescue station of the Hazard District is located at the Hazard Village Shopping Center, 556 Village Lane, Hazard, Kentucky. The Hazard District is comprised of Estill, Letcher, Madison, Perry, Powell, Wolfe and parts of Breathitt and Knott Counties.

## MARTIN DISTRICT

There were 134 commercial coal mines licensed in the Martin District during 2002. 955 inspections were conducted along with 1439 Notices of Noncompliance which the Division of Mine Safety Inspection caused to be corrected. There were 1178 Closure Orders. Records show that there were 10 mines abandoned and 38 new mines in the district during the year 2002.

### Personnel of the Martin District:

Randall Smith, District Supervisor	Sheila Pack, Secretary III
Larry Sexton, Mine Inspector II	Mike Brown, Mine Safety Analyst
Benny Combs, Mine Safety Analyst	Freddie Moore, Mine Inspector
Bobby Sexton, Mine Inspector	Steve Conn, Mine Safety Analyst
Earl Martin, Mine Inspector	Keith Conley, Mine Safety Analyst
John Runyon, Mine Inspector	Jerome Howard, Surface Mine Safety Analyst
Mary England, Secretary III	Alan Howell, Mine Safety Analyst
William Vance, Mine Inspector	
Tinsley K. Hays, Mine Inspector	
Janice Burke, Secretary III	
Wesley Gearheart, Mine Inspector	
Dewey Martin, Mine Inspector

The office and mine rescue station of the Madisonville District is located in the old T.B. Hospital Building on Hospital Drive, Madisonville, Kentucky. The West Kentucky District is comprised of Breckenridge, Butler, Caldwell, Carlisle, Christian, Crittenden, Daviess, Edmonson, Graves, Grayson, Hancock, Henderson, Hopkins, McLean, Marshall, Muhlenburg, Ohio, Union, Warren and Webster Counties.

## **MINER TRAINING, EDUCATION AND CERTIFICATION DIVISION**

Personnel of the Miner Training, Education and Certification Division:

Phillip R. Johnson, Director

Michelle Leugers, Program Coordinator

Kristie Shelley, Data Entry Operator

### **TRAINING AND EDUCATION INSTRUCTORS**

Ernest Campbell	Mine Safety	Hazard District Office
Fred Carmical	Mine Safety	Harlan District Office
Tony Casebolt	Mine Safety	Pikeville District Office
Wayne Collett	Mine Safety	Harlan District Office
Willie Elizabeth Dykes	Mine Safety	Madisonville District Office
Wes Gearheart	Electrical Mining	Hazard, Martin and Pikeville
Norman Goble <sup>1</sup>	Mine Safety	Pikeville District Office
Dwight Hall	Mine Safety	Hazard District Office
Danny Knott	Mine Safety	Madisonville District Office
Ronnie McDowell	Electrical Mining	Harlan District Office
Kenneth Morgan	Mine Safety	Barbourville District Office
William Perkins	Electrical Mining	Madisonville District Office
Leonard Runyons	Mine Safety	Martin District Office
Hershell Tackett	Mine Safety	Pikeville District Office
Vaughn Watson	Mine Safety	Martin District Office

1. Retired 07-31-02

## **TRAINING AND EDUCATION**

The Training, Education and Certification Division was established in 1971, with a Federal grant from the Mine Enforcement and Safety Administration now known as the Mine Safety and Health Administration (MSHA). The Division continues to be partially funded with a grant from the U.S. Department of Labor, MSHA, for continued support of the project entitled “Training and Education of Coal Miners, Non-coal Miners, Operators and Agents”.

During the year of 2002, our instructors, who are stationed in six district offices located in the eastern and western coalfields, presented 3108 class sessions and trained 10,835 miners from 2,204 mines. A total of 982 independent contractors were trained from 544 companies. Our instructors offered 30 different subjects and taught 10,926 hours of classroom instruction. In addition, 2,222 hours were spent testing 5,999 miners.

Kentucky coal miners can receive some of their required training from independent trainers located throughout Kentucky. In order to help assure that good quality training is provided, the Department of Mines and Minerals deems it necessary to certify all instructors (KRS 351.120). The total number of instructors certified by the Department after passing all phases of the examination as of December 31, 2002, was 707 Underground Mining Instructors, 119 Electrical Instructors, 362 Surface Instructors and 209 MET Instructors. Of the total, 15 Underground Mining Instructors, 4 Electrical Instructors, 22 Surface Mining Instructors and 10 MET Instructors were certified during 2002.

## **Mine Safety Review Commission**

**HISTORY:** The Mine Safety Review Commission (MSRC) was created by Executive Order on January 19, 2001. The MSRC was created to conduct hearings for the imposition and enforcement of sanctions against licensees, owners and operators of licensed premises whose intentional violation of, or order to violate, mine safety laws places miners in imminent danger of serious injury or death.

**MEMBERS:** The MSRC is comprised of 3 part-time Commissioners, each of whom must meet the qualifications of a Court of Appeals Judge. The members are: Bayard V. Collier, Chairman of Pikeville; Charles M. Tackett of Lexington; and William R. Whitley of Madisonville. Each of the commissioners have completed the 40-hour new miner training course, as required by law, and are certified by the Attorney General's office to be administrative hearing officers. Meetings are scheduled on a monthly basis.

**ADMINISTRATIVE HEARINGS:** Tony Opegard of the Department of Mines and Minerals serves as the prosecutor for the Commission. In 2002 eleven complaints were filed. Nine of these cases have settled, one was consolidated and one will be heard in January, 2004.

## MINING BOARD

The Mining Board as provided by House Bill 258, was composed of the following members as of April 10, 2001, appointed by Governor Paul E. Patton:

Phillip Johnson Minerals	Director, Miner Training	Dept. of Mines and	
William Spears April 10, 2003	Representing Management	Term	Expires
Timothy Miller April 10, 2003	Representing Labor	Term	Expires
Paris Charles Expires April 10, 2004	Representing Management	Term	
Edgar Oldham, Jr. Expires April 10, 2004	Representing Labor	Term	
Ben Spears April 10, 2005	Representing Management	Term	Expires
William Chapman April 10, 2005	Representing Labor	Term	Expires
Kenneth Fee, Chairman	Representing Citizen Members	Term	Expires April 10, 2005

The Mining Board was reorganized in April 2001 as an independent agency. The responsibilities of the board involve mine licenses, miner's certificates, the investigation of mine safety violations and to establish criteria for the board to impose sanctions for these violations. The board approves certifications. All examinations for certification as Mine Foreman, Assistant Mine Foreman, Surface Mine Foreman, (both extraction and post extraction) Underground Mining Instructor, Surface Mining Instructor, Electrical Instructor, Surface Mine Safety Analyst and Mine Inspector are considered for certification and board members sign grade sheets as proof of their approval. The Director of the Miner Training reports to the board for a vote concerning anyone requesting approval of a new miner-training program. The Chief Accident Investigator reports to the board concerning any other investigation that would be within the board's jurisdiction. The board reviews KRS chapters 351 and 352 and can make recommendations regarding the amendment of those chapters. The board considers and must approve all new administrative regulations or revisions to existing administrative regulations concerning coal mining regulations before the actual administrative regulation is promulgated by KDMM. However, to expedite the process, the department may file a "notice of intent to promulgate an administrative regulation" without Mining Board approval.

A list of those who successfully completed the required examination for foreman and inspector is shown on the following pages.

## CERTIFIED ASSISTANT TO FULL UNDERGROUND MINE FOREMEN

**Franklin Reed, Director**  
**MINE SAFETY ANALYSIS DIVISION**

- Lisa Franklin, Internal Policy Analyst II
- Ann Young, Executive Secretary

The Mine Safety Analysis Division has 26 field personnel under the direct supervision of their respective district supervisor. The primary responsibility of the safety analyst is to prevent underground mine accidents and fatalities by observing and evaluating the work habits of persons involved in the direct production of coal and to contact, advise, and assist these persons on a one-to-one basis, correcting their unsafe or potentially hazardous actions. In 2002, they caused 3,124 unsafe actions or conditions to be corrected.

The program has served the industry well as evidenced by the decrease of underground and surface fatalities since its inception. There were six underground mining fatalities and one fatality at surface operations during 2002.

The goals of the Mine Safety Analysis program are to further reduce mining accidents by promoting and maintaining safety standards in the Commonwealth's coal mines thus preserving the mining industry's most valuable resource, The Miner.

## **EXPLOSIVES AND BLASTING DIVISION**

During 2002, 109 new General Blaster's Licenses were issued, and 415 General Licenses were renewed. In addition, 5 new Limited Blaster's Licenses were issued and 151 Limited Licenses were renewed. There were 169 General Examinations and 5 Limited Examinations given. To obtain a General or Limited Blaster's License, the applicant must pass the prescribed written examination and must have two years of practical blasting experience. Fourteen training courses were offered at various locations throughout the Commonwealth for both initial training and prescribed re-training. These classes were attended by a total of 196 people. During this year, 80 Blaster Certification Examinations were administered under the Memorandum of Agreement with the Cabinet for Natural Resources and Environmental Protection as mandated by the Federal Office of Surface Mining for surface coal blasters.

### **Personnel of the Division of Explosives and Blasting**

Lawrence Schneider, Director <sup>1</sup> .....	Frankfort
Coleman England, Director <sup>2</sup> .....	Frankfort
Douglas Hicks, Explosives & Blasting Inspector/Instructor II.....	Martin
Ken Payne, Explosives & Blasting Inspector/Instructor II <sup>3</sup> .....	Hazard
Robert Dupree, Explosives & Blasting Inspector/Instructor II <sup>4</sup> .....	Hazard
Carlos Delgado, Explosives & Blasting Inspector/Instructor II.....	Frankfort
Evan Shelby, Explosives & Blasting Inspector/Instructor II.....	Madisonville
Kevin Meade, Explosives & Blasting Inspector/Instructor II.....	Pikeville
Terry Dozer , Explosives & Blasting Inspector/Instructor II.....	Madisonville
Andrew Smith, Explosives & Blasting Inspector/Instructor II.....	Louisville
Sandra Thor , Administrative Specialist, III.....	Frankfort
Jeffrey Reed , Program Coordinator.....	Frankfort

1. Retired 07-31-02
2. Appointed 12-16-02
3. Deceased 02-10-02
4. Transferred from Surface Mine Safety Analyst 06-01-02

The Division of Explosives and Blasting continued its program of inspection, enforcement, education, and licensing of blasters in 2002. A total of 114 new blaster's licenses were issued during the calendar year 2002. Of these 110 new licenses, 105 were general blaster's licenses, and 5 were limited blaster's licenses. As of December 31, 2002, there were 2272 individuals holding current and valid Kentucky blaster's licenses. Of these, 1842 were general licenses, and 430 were limited licenses.

The division conducted five General Blaster's Training Courses and nine re-training courses throughout the Commonwealth in 2002. The General Blaster's Classes were attended by 91 people who were primarily applicants for blaster's licenses. The locations and number of attendees in these thirty hours of instruction are listed as follows:

<u>Classes</u>	<u>No. Attending</u>
Hazard	26
Pikeville	24
Louisville	19
Frankfort	16
Madisonville	6

These courses cover all aspects of explosives techniques and safety. The purpose of the course is to raise the competency level of the blaster's in the field as well as assist those preparing to take the blaster's examination. The public is better protected and the blaster's work environment is safer when the blaster's ability is enhanced through training.

KRS 351.315 was amended by the 2000 Kentucky Legislature and made some changes in the way a blaster's license is renewed. These provisions, which took effect on July 15, 2000 are as follows:

- (1) The blaster's license renewal will be valid for 3 years and the fee for renewal will be \$60.00 (The actual cost of renewal was unchanged, since previous renewals had been done every year for \$20.00)
- (2) Blasters are required to attend a certain amount of continuing education or training in explosives and blasting related topics in order to renew his or her license. Individuals holding a General Blaster's License must attend at least 16 hours of re-training every three years. Those with a Limited Blaster's license must attend 4 hours of blaster re-training every 3 years.
- (3) Blasters who have a valid Surface Coal Miner's ID Card, are exempt from the blaster re-training provided they complete their annual re-training requirements as surface coal miners and submit proof of this.

Since this new law has come into effect, the Division of Explosives and Blasting has

proceeded with re-training licensed blasters. The division has conducted 9 classes throughout the Commonwealth in 2002 and was attended by 105 people who were applicants for re-training. The locations and number of attendees that have been re-trained in the past year are listed as follows:

<u>Re-Training Classes</u>	<u>Attendance</u>
Tompkinsville	19
Frankfort	4
Louisville	10
Bowling Green (2 Classes)	44
Pikeville	3
Nicholasville	5
Brandenburg	13
Hazard	7

The Division of Explosives and Blasting has seven Inspectors stationed throughout the Commonwealth to respond to complaints and perform the compliance inspections necessary to ensure that the provisions of KRS 351 and its associated regulations are followed. Each inspector is responsible for an area or region consisting of a number of counties as shown on the attached map.

The Explosives and Blasting Inspectors answer 100% of all public complaints received by this Division. These complaints primarily concern ground vibrations, noise, flyrock, and various other adverse effects of blasting. The inspector's investigation of the complaints involves inspection of the operation generating the complaint, as well as seismic monitoring. During 2002, the Division made 217 such investigations of public complaints and used the seismograph 99 times in order to resolve these complaints. The Division made 519 inspections of blasting operations to check for compliance to the blasting laws and regulations.

In addition, the inspectors continue to make routine checks of all blasting operations to ensure compliance with the laws and regulations governing the use of explosives. The Division inspects not only those companies using explosives, but also companies which manufacture, sell, store, and transport explosives. Forty-one companies, engaged in the sale or distribution of explosives in the Commonwealth, registered with the Division in 2002.

The Division of Explosives and Blasting reviews and issues permits to purchase or receive explosives to coal mines, quarries, construction companies and individuals. As of December 31, 2002, 814 permits to purchase explosives were issued. The explosive storage facilities and transportation methods are inspected, and a background check is conducted through the Kentucky State Police before such a permit is issued.

During the year, the Division has participated in a number of seminars sponsored by other state and federal agencies and educational institutions. It has been the aim to use every

opportunity for education of the public and training of blasters in the safe use and associated hazards of explosives. A number of these seminars and conference have been accepted as approved blaster re-training classes.

The number of licensed blasters again showed a decrease this year, continuing a trend that began in 1982 when there were over 4,700 blasters licensed. This drop in the number is due to the increased use of contracted shot service crews provided by the explosive companies, the retirement of licensees who were originally grandfathered into the system, and the more stringent training, testing, and experience requirements and background checks.

## OIL AND GAS DIVISION

Rick Bender, Director  
Brian C. Gilpin, Assistant Director  
Nancy Toombs, Administrative Secretary Sr <sup>1</sup>  
Kimberly Collings, Geologist III  
Rob Flynn, Geologist III  
Gina Cavender, Administrative Specialist III  
Terri Eversole, Secretary III <sup>2</sup>  
Rebecca Hardin, Secretary III  
Clara D. Wilmoth, Administrative Secretary I <sup>3</sup>

  2. Resigned 10-16-02
  3. Appointed 12-16-02

## **OIL AND GAS DIVISION**

At the close of 2002, the Oil and Gas Division had 13 field inspectors, 3 field supervisors and 7 employees on its administrative staff.

The Division staff operates a customized Microsoft Sequel Server database on an in-house server. We have developed well history data for each well that can be utilized daily. At present, there are 115,225 wells stored on-line for which we have data relative to the permit, operator, well location, pertinent dates and well completion.

### **PERMITTING AND WELL TRANSFERS**

During the year, the Division issued 1202 new permits primarily for new wells, but also includes permits for the deepening or reopening of existing wells. The top five counties receiving the most permits are in descending order as follows: Pike, Metcalfe, Letcher, Clinton, and Knox. These counties accounted for 44% of the permits issued. Oil and gas operators transferred wells from one operator to another for a total of 2216 wells. There were 285 new bonds posted totaling \$614,400.00. A total of \$359,000.00 was released as a result of proper abandonment or transfer to a successor operator.

Available to the public is a weekly publication of permits issued identifying the permit number, operator name, farm name, county, Carter Coordinates, and target formation. This publication may be obtained on the Internet at the Division Web page: <http://dmm.ppr.ky.gov/OilAndGas.htm>.

### **COMPLIANCE AND FORFEITURES**

The Division inspectors conducted 3105 inspections throughout 2002, which resulted in 875 violations. Of these, 170 were corrected and cleared, 81 were forfeited, and the remaining is in a pending status of either having been granted an extension, or in the process of forfeiture. The amount of forfeited bonds was \$83,000.00. The Division plugged 321 abandoned wells with funds from the abandoned well plugging fund for a total of \$690,592.50. This resulted in an average plugging cost for the year of \$2,151.38 per well.

## 2002 CONSERVATION ACTIVITIES

### -GENERAL-

Statistical summaries of the oil and gas activities in Kentucky are as follows:

New Permits Issued	1202
Oil Wells Completed	58
Gas Wells Completed	578
Combination Oil and Gas	7
Misc. Service Wells Completed	10
Oil Wells Reported Plugged	523
